

Science Takes Flight

This summer, science takes flight!
The SD Discovery Center and Civil Air Patrol
have teamed up to bring the Science of Flight
to your community!

Join us to explore the forces of flight by
launching your own rockets and fliers, meet a
pilot and step into the cockpit of a civil air
patrol plane, see what it takes to be a hero and
go on search and rescue missions,
and much more!

Join us in Kimball!
